

TERMS AND CONDITIONS

Welcome to ARES!

ARES is owned and operated by Pantheon Technologies.

These are the terms and conditions for:

- **ARES mobile application (Available on Google Play and App Store).**
- **ARES web application.**
- **ARES desktop application.**
- <https://pantheon.international>

By using the platform, you agree to these terms and conditions and our privacy policy. In these terms and conditions, the words "platform" refers to the ARES mobile application, the ARES web application, the ARES desktop application and the ARES website together, "we", "us", "our" and "ARES" refers to ARES and "you" and "user" refers to you, the ARES user.

The following terms and conditions apply to your use of the platform. This includes mobile and tablet versions, as well as any other version of ARES accessible via desktop, mobile, tablet, social media or other devices.

PLEASE READ THESE CONDITIONS CAREFULLY BEFORE DOWNLOADING AND USING THE FUNCTIONALITIES AVAILABLE ON THE PLATFORM.

1. ACCEPTANCE OF TERMS

By using the platform, you agree to be bound by this agreement. If you do not agree to the terms of this agreement, you must not use our platform. We may modify this agreement from time to time, and such modification will be effective upon posting on the platform. You agree to be bound by any modification of these terms and conditions when you use ARES after the posting of such modification; therefore, it is important that you review this agreement regularly.

By downloading and using the platform, you represent and warrant that you have full right, power and authority to enter into this agreement and to fully perform all of your obligations hereunder. You further represent and warrant that you are not under any legal incapacity or contractual restriction that would prevent you from entering into this agreement.

2. AGE RESTRICTION

Access to and use of the ARES platform is limited exclusively to users who have reached the age of majority, defined as 18 years of age or older. When registering with ARES, users must confirm that they meet this minimum age requirement. Any account created by a user under the age of 18 will be suspended or deleted. It is the user's responsibility to ensure that they comply with

this condition. Failure to comply with this clause may result in immediate termination of access to the platform.

3. NOTIFICATIONS

By providing your email address to ARES, you agree that we may use your email address to send you notifications and other messages, such as changes to platform functionality, news and special content. If you do not wish to receive these emails, you may opt-out of receiving them by submitting your unsubscribe request through the contact information or by using the "unsubscribe" option in the emails. Unsubscribing may prevent you from receiving notifications and emails about updates, news or special content related to ARES.

4. INTRODUCTION AND PURPOSE OF THE PLATFORM

ARES is an innovative virtual assistant developed by Pantheon Technologies, designed to transform the interaction between users and their digital tools. This assistant acts as a unifying interface, merging various productivity and workflow management applications into an integrated and coherent platform. The main purpose of ARES is to simplify daily tasks, optimize time management and improve users' overall efficiency in their digital environment.

Main functionalities:

- **Task Management:** ARES allows users to coordinate and monitor tasks across multiple platforms. This includes creating, updating and tracking projects in applications such as Trello, Asana or Jira.
- **Email Management:** Integration with services such as Gmail and Outlook to facilitate reading, prioritizing and replying to emails, using voice commands for greater efficiency.
- **Calendar Synchronization:** Ability to manage personal and professional agendas, including setting, modifying and receiving reminders for events and meetings, integrating with applications such as Google Calendar and Outlook.
- **Hands-Free Operation:** With a predominantly voice-controlled interface, ARES allows users to multitask efficiently, without the need to manually interact with their devices.
- **Data Privacy and Security:** ARES is committed to ensuring the privacy and security of users' personal and professional information by implementing advanced data protection measures.
- **User Benefits:** ARES seeks to increase user productivity, minimize complexity in managing multiple applications and save valuable time. The platform is designed to be intuitive and easy to use, providing a secure and reliable environment for managing personal and professional information.

Pantheon Technologies is committed to the continuous improvement of ARES, constantly seeking to innovate and update the platform with new features and interface enhancements to adapt to the changing needs of users.

5. ACCESS ACROSS MULTIPLE PLATFORMS

ARES, developed by Pantheon Technologies, is committed to providing a versatile and accessible experience across a wide range of devices. Aware of the diversity of our users, we have designed ARES to be compatible with multiple platforms, thus ensuring seamless integration into each user's daily life.

- **Web Application:** ARES will be available as a dynamic web application, accessible from most modern web browsers. This web version allows users to access all ARES functionalities from any device with internet access, without the need to download or install additional software. This flexibility ensures that ARES is a tool that is always within reach, regardless of location or device used.
- **Application for Mobile Devices:** Understanding the importance of mobility in today's world, ARES will include specific applications for mobile devices with iOS and Android operating systems. These applications will be available for download from the Apple App Store and Google Play Store, respectively. Each mobile app is designed to offer an optimal and tailored user experience, with features such as intuitive navigation, hands-free voice commands and personalized notifications.
- **Desktop App:** For users who prefer or require a more robust working environment, ARES will also be offered as a desktop app for Windows and macOS. This version will be focused on providing a feature-rich interface and expanded functionality, ideal for professional or intensive use.

ARES features cross-platform synchronization capabilities, ensuring a consistent and continuous experience. Users will be able to switch from one device to another without losing the pace of their work, while maintaining access to all their personal information and settings in real time.

Pantheon Technologies is committed to keeping each version of ARES up to date with the latest enhancements and functionality. In addition, we offer comprehensive technical support to ensure that users can resolve any questions or issues on any platform they choose to use.

6. USAGE RESTRICTIONS

The ARES platform, developed by Pantheon Technologies, is designed to promote productivity and efficient task management in both personal and professional settings. The following are the usage restrictions:

Personal and Individual Professional Use: ARES is designed to accommodate the needs of individual users. This includes both personal and professional use within the scope of employment or in the realization of personal projects. The platform is ideal for professionals, freelancers and anyone looking to optimize their time management and personal productivity.

Prohibition of Commercial Use: ARES is intended for non-commercial purposes only. Users may use ARES to organize their tasks and schedules in the professional context, but the use of ARES as a tool or service to offer and manage commercial activities to third parties is strictly prohibited. For example, the use of ARES to manage tasks and schedules as part of paid services offered to third parties is not permitted.

It is important to note that Pantheon Technologies reserves the right to update and modify these restrictions to reflect changes in the functionality or approach of ARES. Users are expected to adhere to these guidelines, and failure to comply may result in suspension or termination of access to the platform. Users should watch for any communications regarding updates to the terms and conditions, which will be duly reported. Use of ARES implies acceptance of and compliance with these restrictions and any future modifications that may be established.

7. ACCOUNT

Users will be able to register and open an account on the platform. To create an ARES account, users are required to provide certain basic information, including their name, email address and a password. Additionally, there is the option to provide additional information in order to enrich the personalized experience on the platform. This can include details such as preferred time zone, the user's professional role and specific areas of interest related to task management and productivity enhancement.

You are responsible for maintaining the confidentiality of your password and account information, and are fully responsible for all activities that occur under your password or account. You agree to immediately notify ARES of any unauthorized use of your password or account or any other breach of security, and to ensure that you log out of your account at the end of each session. You may never use another user's account without ARES's prior authorization. ARES will not be liable for any loss or damage arising from your failure to comply with this agreement.

When registering with ARES and creating an account, users must customize the account according to their personal and professional preferences. This process includes setting up the account and linking it with other productivity tools, such as email, calendars and project management applications.

Interaction with ARES will be primarily through voice commands and text inputs, allowing users to efficiently manage their tasks, schedule appointments and access information from integrated platforms. In addition, users will have the ability to review, add, modify and organize their tasks and schedules using these integrations.

To enhance the time management experience, users will receive personalized notifications and reminders based on their established schedules and task priorities. ARES will also provide access to artificial intelligence-based information and suggestions designed to optimize productivity and effective task management.

Users will have the freedom to customize their ARES account settings, including adjustments to notification preferences and application integration settings. These customizations aim to tailor ARES to the specific needs and work style of each user, thus maximizing efficiency and convenience in their daily use.

The creation of an ARES account implies the user's commitment to the proper configuration and use of the platform, respecting the policies and guidelines established by Pantheon

Technologies. Failure to comply with these conditions may result in the modification or revocation of access to the platform.

Users may cancel their accounts at any time and for any reason through the account settings or by sending us their request through our contact information. Such cancellation will only result in the deletion of the account and the deletion of all personal data provided to ARES. ARES reserves the right to terminate your account or your access immediately, with or without notice, and without any liability to you, if ARES believes that you have violated any of the provisions contained in these terms and conditions.

8. ARES ACCOUNT REVIEW PROCESS

The platform uses the following account review measures:

Automatic Email Verification: When registering with ARES, users must provide a valid email address. This address undergoes an automatic verification process, which includes sending a verification link to the email address provided to confirm its authenticity and ownership by the user.

Password Security Check: Password security is of utmost importance at ARES. During the registration process, the password chosen by the user is automatically evaluated to ensure that it meets our security criteria, including length and complexity. ARES implements advanced security protocols, so passwords are not stored in plain text, but are encrypted to ensure maximum protection.

Additional Optional Information Review: Users have the option to provide additional information to further customize their ARES experience. This information can include details such as preferred time zone, professional role, and areas of interest in task management and productivity. Although this optional information does not go through a manual review process, it is handled and stored with strict security standards, and its use is governed by our privacy policy.

9. USERNAME

On the ARES platform, users have the opportunity to choose a user name that will serve as their unique identifier. This name not only facilitates identification within ARES, but also contributes to personalizing the user experience. In order to maintain a respectful and safe environment, we place certain restrictions on the choice of username:

- The use of offensive or inappropriate language is prohibited.
- Impersonation of other persons or entities is strictly prohibited.
- Trademark infringement through the username is not permitted.
- Each username must be unique and not repeated within the platform.
- Restrictions will apply regarding the length and characters allowed in the username.
- It is prohibited to include URLs or web addresses as part of the username.

These rules are implemented to ensure that the ARES community operates in a safe and welcoming environment, and to prevent any form of abuse or misunderstanding. Failure to comply with these guidelines may result in the modification or removal of the username, or further action as deemed necessary by Pantheon Technologies.

10. OAUTH LOGIN

We offer our users the ease and convenience of OAuth login, allowing the use of existing Google, Microsoft and Apple ID accounts to access our platform. This option provides a secure and simplified authentication method, avoiding the need to create and remember a new ARES-specific password.

By opting into this login method, users authorize ARES to access certain basic information from their Google, Microsoft or Apple ID account to verify their identity. However, it is important to note that ARES will not have access to these account passwords or any detailed or sensitive information stored in these accounts.

Users should ensure that their Google, Microsoft or Apple ID accounts are protected with adequate security measures, as the security of their accounts on these platforms' rests with themselves. ARES is not responsible for security issues arising from the improper use or compromise of Google, Microsoft or Apple ID accounts used for login.

11. SUBSCRIPTIONS

The use of the functionalities available on the platform is available through subscriptions. Each subscription can include or unlock different additional functionalities on the platform. Please refer to the content of each subscription before obtaining a subscription.

All ARES subscriptions include a free trial period. During this period, the user will be able to enjoy all the benefits of the subscription without incurring any costs. Once the free trial period is over, billing will automatically start according to the rate established for the chosen subscription. The user is free to cancel the subscription at any time before the end of the trial period to avoid charges.

When a user purchases a subscription, ARES will send a confirmation email. This confirmation email will be produced automatically so that the user has confirmation of the payment and the start of the subscription. If the user does not receive the email confirmation of purchase and subscription initiation, it may have been sent to their spam folder.

Subscriptions include automatic recurring billing payments according to the type of subscription (monthly, quarterly and annual). You authorize ARES to renew your subscription and to make periodic and progressive charges on each billing date. The subscription billing date is the date on which you purchase the subscription and make the first payment. On the corresponding billing date, you will be automatically charged the subscription fee according to the subscription selected by the user (monthly or annual billing). The subscription will remain active until you cancel it or we terminate it. You must cancel your subscription before it renews to avoid the

next billing period. We will bill you for the subscription billing fee in the payment method you choose during registration and subscription purchase.

Subscriptions will automatically renew for an additional period unless cancelled prior to the next billing period. To cancel subscriptions, users may cancel the subscription through their account settings in the billing section or they must submit a cancellation request through our contact information and the subscription will be cancelled for the next billing period. If a subscription is cancelled, the user will be able to continue using it until the next billing period.

ARES may change or discontinue the availability of subscriptions at any time at its sole discretion. If a subscription purchase is cancelled, the payment made for the subscription will be refunded for the applicable billing period. This does not affect your statutory rights.

12. PAYMENTS

Subscriptions will be paid by the following payment methods:

- Credit/debit card (Visa, Master, Discover, Amex, Diners, etc.)
- PayPal

The corresponding subscription payment will be charged to your credit or debit card or debited from your PayPal account upon completion of the subscription payment and registration process. The subscription will be activated upon completion of the payment and registration process and will be charged on each plan billing date automatically. Once the transaction has been processed, we will send an electronic receipt to the user's email address.

If you find any inconsistencies in your billing, please contact us via our contact details or you can make a complaint via the customer service of the relevant payment processor.

If your card is declined, you will receive an error message. No payment will be charged to your card and no order will be processed. There may be a pending transaction on your account until your card issuing bank withdraws the authorization. This usually takes 2 to 5 working days. Your card may be declined for a number of reasons, such as insufficient funds, AVS (Address Verification System) mismatch or you have entered an incorrect security code.

If your payment is declined, you will need to provide an alternative payment method or provide another card on which the payment can be charged and processed.

Your payment details will be treated and retained securely and for the sole purpose of processing the purchase of the subscriptions. ARES reserves the right to engage any payment platform available on the market.

13. USER CONTENT

Some features of the platform may allow users to provide content through the platform: Users can provide the following types of content:

- **Task and Detail Management:** Users have the ability to provide specific information related to their tasks, including descriptions, deadlines and other relevant details. ARES uses this data internally to organize and manage user tasks, integrating effectively with other platforms.
- **Calendar Scheduling:** ARES allows users to enter detailed information about their events in the calendar, such as event names, dates, times and additional annotations. This information is essential for ARES to manage the user's schedule and generate timely reminders.
- **Interaction via Commands:** User interaction with ARES is done through voice commands and typed queries. These commands are processed by ARES to execute specific actions and provide appropriate and useful responses.
- **Feedback and Improvements:** Users can provide comments, suggestions or ask questions about their experience with ARES. These contributions are valuable and are used internally for continuous service improvement and more effective support.
- **Data Integration with Other Tools:** By linking ARES with other productivity tools, users authorize ARES access to data from these applications. This integration facilitates the synchronization and management of information between different platforms, ensuring an integrated and consistent user experience.

The information generated by users within ARES is for the exclusive use of the platform and is not disclosed to other users. This information is used only to power personalized ARES functionalities, such as task management, scheduling, and answering queries. We refrain from sharing user-generated data with any third-party publishing platform. The privacy and security of our users' data is our top priority, and we are firmly committed to preserving the confidentiality of the information entrusted to us.

Although user-generated data is not shared outside of ARES, we reserve the right to use aggregated and anonymized data for internal service improvement purposes. This includes optimizing our artificial intelligence algorithms, improving the user experience and developing new features. These analysis activities will always be carried out in a way that does not affect the individual privacy of each user.

14. CONTENT RESTRICTIONS

ARES is not responsible for the user's content. The user is solely responsible for the content and the consequences of providing content through the platform. Please refrain from providing the following types of content to the platform:

- Illegal, abusive, harassing, vulgar, discriminatory or offensive content.
- Any spam, junk mail and/or unwanted commercial solicitations.
- Content that impersonates the identity of the service, another user or a third party.
- Content that may disable, saturate, impair or damage the operation of the service.
- Content that is intended to manipulate or misuse ARES AI functionality for unethical purposes, such as generating misleading or damaging information.

- Highly sensitive content and personal information that is not necessary for ARES functionality, such as social security numbers, financial account details or medical records, unless it is essential to the service and is adequately protected.

ARES may, at any time and without notice, filter, remove, edit or block any content that, in our sole judgment, violates these terms and conditions or is otherwise objectionable, including the deletion of any user account that violates these terms and conditions. You acknowledge and agree that ARES reserves the right to monitor all information transmitted or received through the platform, and may do so from time to time, for operational and other purposes.

15. LIMITATION OF LIABILITY

Pantheon Technologies is not responsible for any loss, damage or exposure of data caused by unauthorized access or breach of data on the ARES platform. Although we implement robust security measures, users should be aware of the risks inherent in using a platform that integrates with various personal and professional tools. It is the user's responsibility to protect the confidentiality of their information and to use ARES securely. In the event of an unauthorized access or data breach, Pantheon Technologies will assist in investigating and resolving the incident, but will not assume legal responsibility for indirect or consequential damages.

Pantheon Technologies assumes no responsibility for misuse of ARES artificial intelligence capabilities. Advanced AI features are designed to enhance user productivity and convenience, but use of ARES for unethical or illegal purposes, such as automating spam or conducting unauthorized surveillance, is strictly prohibited. Users are responsible for ensuring that their use of ARES complies with all applicable laws and regulations. Any misuse of ARES capabilities will result in immediate account termination and may result in legal action.

Pantheon Technologies is not responsible for the consequences of users' over-reliance on the ARES platform for task and schedule management. Although ARES is designed to assist in organization and productivity, users should maintain an appropriate balance and not rely entirely on technology for personal and professional decision making. Pantheon Technologies recommends users exercise their own judgment and maintain independent organizational skills. Excessive use of ARES that results in the diminution of the user's personal or professional skills will not be the responsibility of Pantheon Technologies.

Pantheon Technologies is not responsible for any consequences arising from misinterpretation or misuse of the advice and information provided by ARES. Although the ARES platform is designed to offer assistance based on artificial intelligence, it is the user's responsibility to evaluate and decide the relevance and application of any advice or information received. Decisions made based on information provided by ARES are solely at the user's discretion and risk, and Pantheon Technologies will not assume responsibility for any unintended results or damages arising as a consequence of such decisions.

16. LICENSE TO USE THE PLATFORM

ARES grants you a personal, worldwide, royalty-free, non-assignable and non-exclusive license to use the ARES platform and downloadable through the App Store and Google Play Services free of charge, including but not limited to modified versions, updates, upgrades, enhancements, improvements, additions, additions and copies, if any. This license is for the sole purpose of allowing you to use the features available on the platform in the manner permitted by these terms. You may not copy, modify, distribute, sell or lease any part of our platform or the included software, nor may you reverse engineer or attempt to extract the source code of such software, unless such restrictions are prohibited by law, or unless you have our written permission.

The user agrees not to use the platform in a negligent, fraudulent or unlawful manner. It also undertakes not to carry out any conduct or action that could damage the image, interests or rights of ARES or third parties.

ARES reserves the right to terminate the user's access immediately, with or without notice, and without liability to the user, if ARES considers that the user has violated any of these terms.

17. COPYRIGHT

All materials on ARES, including but not limited to names, logos, trademarks, games, images, text, columns, music, graphics, videos, photographs, illustrations, software and other items, are protected by copyrights, trademarks and/or other intellectual property rights owned and controlled by ARES or our users who have licensed or otherwise provided their material to the platform. You acknowledge and agree that all Materials on ARES are made available for limited, non-commercial, personal use only. Except as specifically provided herein. No material may be copied, reproduced, republished, sold, downloaded, posted, transmitted, or distributed in any way, or otherwise used for any purpose, by any person or entity, without ARES prior express written permission. You may not add, delete, distort, or otherwise modify the material. Any unauthorized attempt to modify any material, to defeat or circumvent any security features, or to utilize ARES or any part of the material for any purpose other than its intended purposes is strictly prohibited.

18. COPYRIGHT INFRINGEMENT

ARES will respond to all inquiries, complaints and claims regarding alleged infringement for failure to comply with or violation of the provisions contained in the Digital Millennium Copyright Act (DMCA). ARES respects the intellectual property of others, and expects users to do the same. If you believe, in good faith, that any material provided on or in connection with the website infringes your copyright or other intellectual property right, please send us your copyright infringement request pursuant to Section 512 of the Digital Millennium Copyright Act (DMCA), with the following information:

- Identification of the intellectual property right that is allegedly infringed. All relevant registration numbers or a statement regarding ownership of the work should be included.

- A statement that specifically identifies the location of the infringing material, in sufficient detail so that ARES can find it on the platform.
- Your name, address, telephone number and email address.
- A statement by you that you have a good faith belief that the use of the allegedly infringing material is not authorized by the copyright owner, or its agents, or by law.
- A statement by you, made under penalty of perjury, that the information in your notification is accurate, and that you are the copyright owner or authorized to act on its behalf.
- An electronic or physical signature of the copyright owner or of the person authorized to act on the copyright owner's behalf.

For any request related to copyright infringement, please send your request through our agent in charge:

- **Sakawan Junwikul**
- **Email: copyright@pantheon.international**

19. PROHIBITED ACTIVITIES

The following activities are prohibited:

- It is strictly forbidden for users to attempt to access or access areas of ARES or its systems for which they do not have explicit authorization.
- Accessing, monitoring, reproducing, distributing, transmitting, broadcasting, displaying, selling, licensing, copying or otherwise exploiting any content on the platform.
- Users are prohibited from extracting data from ARES for any purpose. This includes both manual scraping and the use of automated systems, bots or scripts.
- Violate platform restrictions or circumvent or circumvent other measures used to prevent or limit access to the platform.
- Take any action that imposes or may impose, in our discretion, an unreasonable or disproportionately large load on our infrastructure or servers.
- Deep-link to any part of the platform for any purpose without the express permission of Pantheon Technologies.
- Users are not permitted to redistribute, resell or provide access to ARES services to third parties without explicit and direct permission from Pantheon Technologies.
- Reverse engineering, disassembly or any attempt to decipher the source code or algorithms that are part of ARES is strictly prohibited, respecting the intellectual property rights and confidentiality of Pantheon Technologies.
- Circumventing, disabling or otherwise interfering with the platform's security features or features that prevent or restrict the use or copying of any content.
- Use of ARES for illegal or unauthorized purposes is strictly prohibited. This includes activities such as fraud, infringement of intellectual property rights or intrusion into the privacy of others.

20. DISCLAIMER OF WARRANTIES

Due to the nature of the Internet, ARES provides and maintains the platform on an "as is", "as available" basis and does not promise that use of the platform will be uninterrupted or error-free. We will not be liable to you if we are unable to provide the platform and the functionality included on the platform for any reason beyond our control.

Except as provided above we can give no other warranties, conditions or other terms, express or implied, statutory or otherwise and all such terms are hereby excluded to the maximum extent permitted by law.

You will be responsible for any breach of these terms by you and if you use the platform in breach of these terms you will be liable to and will reimburse ARES for any loss or damage caused as a result.

ARES shall not be liable for any amount for failure to perform any obligation under this Agreement if such failure is due to the occurrence of any unforeseen event beyond its reasonable control, including, without limitation, Internet outages, communications outages, fire, flood, or any uncontrollable act of nature.

These terms do not affect your statutory rights as a consumer which are available to you.

Subject as aforesaid, to the maximum extent permitted by law, ARES excludes liability for any loss or damage of any kind howsoever arising, including without limitation any direct, indirect or consequential loss whether or not such arises out of any problem you notify to ARES and ARES shall have no liability to pay any money by way of compensation, including without limitation all liability in relation to:

- Any incorrect or inaccurate information on the platform.
- The infringement by any person of any Intellectual Property Rights of any third party caused by their use of the platform.
- Any loss or damage resulting from your use or the inability to use the platform or resulting from unauthorized access to, or alteration of your transmissions or data in circumstances which are beyond our control.
- Any loss of profit, wasted expenditure, corruption or destruction of data or any other loss which does not directly result from something we have done wrong.
- Any amount or kind of loss or damage due to viruses or other malicious software that may infect a user's computer equipment, software, data or other property caused by persons accessing or using content from the platform or from transmissions via emails or attachments received from ARES.
- All representations, warranties, conditions and other terms which but for this notice would have effect.

21. ELECTRONIC COMMUNICATIONS

ARES will not accept any responsibility for failed, partial or garbled computer transmissions, for any breakdown, failure, connection or availability of computer, telephone, network, electronic or Internet hardware or software, for Internet accessibility or availability or traffic congestion or for any unauthorized human acts, including any errors or mistakes.

22. INDEMNIFICATION

You agree to indemnify, defend and hold harmless the platform, its officers, employees, affiliates and suppliers against any claims, losses, damages, costs and expenses (including reasonable legal fees) resulting from or related to your misuse of the platform or violation of this clause.

23. CHANGES

We may change the platform and these terms at any time, in our sole discretion and without notice to you. You are responsible for remaining knowledgeable about these terms. Your continued use of the platform constitutes your acceptance of any changes to these terms and any changes will supersede all previous versions of the terms. Unless otherwise specified herein, all changes to these terms apply to all users take effect.

24. INTEGRATION CLAUSE

This agreement together with the privacy policy and any other legal notices published by ARES, shall constitute the entire agreement between you and ARES concerning and governs your use of the platform.

25. SEVERABILITY

If any section of these terms is held invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired. Our failure to enforce or delay in enforcing any provision of these terms at any time does not waive our right to enforce the same or any other provision in the future.

26. FORCE MAJEURE

ARES shall not be liable for any failure to perform due to causes beyond its reasonable control, including but not limited to acts of God, acts of civil authorities, acts of military authorities, riots, acts of nature and natural disasters, and other acts that may be due to unforeseen circumstances.

27. TERMINATION

Both the user and ARES acknowledge that failure to comply with these terms and conditions may result in termination of the agreement between both parties.

In case of non-compliance by the user: If the user fails to comply with any of the terms set forth in these terms and conditions, ARES reserves the right to unilaterally terminate the user's access to and use of the platform. ARES may take this action without prior notice, and the User will automatically lose all rights to access and use the platform. Furthermore, ARES shall not be liable for any loss of data or information associated with the user's account.

In case of non-compliance by ARES: If ARES fails to comply with its obligations under the agreed terms and conditions, the User shall be entitled to terminate the agreement and stop using the platform. The user shall notify ARES in writing of the breach and allow a reasonable time for ARES to remedy the situation. If ARES does not remedy the breach within the set period, the user may proceed with the termination of the agreement.

Termination of the agreement shall not release either party from any obligations and liabilities that have arisen prior to the date of termination.

Continued use of the platform after termination of the agreement by either party shall imply acceptance of the conditions set forth in the terms and conditions in effect at that time.

28. DISPUTES

The user agrees that any dispute, claim or controversy arising out of or relating to these terms and conditions, or the breach, termination, enforcement, interpretation or validity thereof or the use of the platform, shall be resolved by binding arbitration between the user and MYNE HUB, provided that each party retains the right to bring an individual action in a court of competent jurisdiction.

In the event that a dispute arises in connection with the use of the platform or breach of these terms and conditions, the parties agree to submit their dispute to arbitration resolution before a reputable arbitration organization as mutually agreed by the parties and in accordance with applicable commercial arbitration rules.

To the fullest extent permitted by law, you agree that you will not file, join or participate in any class action lawsuit in connection with any claim, dispute or controversy that may arise in connection with your use of the platform.

The courts of the United States, specifically the courts located in the State of Massachusetts, shall have jurisdiction over any dispute, controversy or claim relating to ARES and its business operations. Any such dispute or controversy shall be brought and resolved in the courts of the United States, specifically the courts located in the State of Massachusetts.

29. FINAL PROVISIONS

These terms and conditions are governed by the laws of the United States. Use of the ARES platform is unauthorized in any jurisdiction that does not give effect to all provisions of these terms and conditions.

Our performance of these terms is subject to existing laws and legal process, and nothing contained in these terms limits our right to comply with law enforcement or other governmental or legal requests or requirements relating to your use of our platform or information provided to or gathered by us with respect to such use.

Any rights not expressly granted herein are reserved.

30. CONTACT INFORMATION

If you have questions or concerns about these terms, please contact us through our contact forms or by using the following contact information:
